

DoorDash Codes for Lunches - External

Focused Labs offers DoorDash codes for small team lunches and other events that fall over lunch.

Donut Lunch Buddies - Donut will pair small groups to have lunch together every few weeks. Groups will be randomly created via the Donut app in the [#lunch-buddies](#) slack channel. The group can coordinate a time that works best for everyone to have lunch together. Everyone can use a DoorDash code to cover lunch!

If you have **a meeting scheduled over the lunch hour (12-1pm CT) by Focused Labs**, you can use a DoorDash code. If you have a one-off lunch event not mentioned here, please reach out to help@focusedlabs.io. Lunch & Learns don't typically qualify for a DoorDash code unless explicitly stated.
