

Who are we?

What do we do?

We are the unintimidating and unintimidated technology consultants. Focused Labs is a digital transformation partner that works directly with companies to build software and processes that streamline delivery and transform the role of technology within the company. They specialize in agile development, user-centered design, and lean product development. Focused Labs aims to deliver great software and create a culture of success for their clients.

What does a typical day look like?

A typical day will depend on the role you have at Focused. Engineers may spend a good portion of their day pair-programming, designers may be conducting research or mocking up screens, and product managers may be organizing the backlog or working on the product vision with the client. We meet as company at 1:05 CT for afternoon stand as well to share announcements, helps, and interesting fun facts. Our core hours are 8:30am CT - 5:30pm CT.

What is important to us?
